

## LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Frezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Frezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Frezone is the sensational discovery of a Cincinnati genius. It is wonderful.—Advt.

## "BEST ON RECORD" FORUM IS GIVEN ADDED ATTRACTION BY TALENT OF YOUNGSTERS

Glee Club and Dancers Feature of Programme at East Side School.

PLEAS FOR PATRIOTISM.

Eloquent Speakers for Americanism Address Big Audience at No. 61.

"The best on record" was the verdict at the Americanization Forum of The Evening World held at Public School No. 61, Avenue B and 10th Street, last night. There was more enthusiasm, better "local talent," evidences of better organization.

The Forum showed the school officials, the pupils and the people of the district solidly behind The Evening World in its efforts to aid the citizens of the east side in every possible way, to help those who are true citizens and to inculcate in all true devotion and loyalty to our country.

The meeting was so crowded it was necessary to have police reserves at the school. After the hall had been filled the doors were closed and more than a thousand were unable to get in. Those who did were treated to an excellent entertainment. The school children entered heartily into the affair. They not only furnished ushers to take up tickets and preserve order, but also entertained, and even produced elaborate hand-painted programmes for the guests of honor, on which there was an artistic representation of Uncle Sam and Mother Liberty.

Credit for the success is due chiefly

to William Weiss, Chairman of the local Americanization Forum, and Miss Jessie B. Colburn, principal of the school, who co-operated wholeheartedly with The Evening World and was responsible for the remarkable showing of the boys and girls themselves.

In his address of welcome Mr. Weiss said:

**URGES PARENTS TO COME TO FORUM.**

"We want the parents to come into the atmosphere of the schoolhouse and learn the meaning of the Americanization Forum. We believe in freedom, but not in license. Freedom means living one's life with respect for the views and beliefs of others. License means disregard for all except personal views. Freedom means orderly government; license means anarchy. This Government is based on the consent of the governed."

"We can have any form of Government we desire through the ballot. Look at Russia. It is trying to run the Government by the knife and bullet. We want no anarchy here. You came to this country to escape despotism. Stand by the country which has given you a home, livelihood, and education in these splendid schools of our city."

The chief speaker of the evening was Alexander Burke, Assistant District Attorney, who stirring plea for patriotism was often interrupted by applause.

We owe thanks to the newspapers of New York for the success of the forum, and to The Evening World in particular for the great work of Americanization among the foreign-born and the American-born. Although the chief of education is among those not born here, there are some natives who are far below the foreign-born in loyalty and patriotism."

Miss Florence Hammett, at the piano, and Irma Hammett, a vocalist, gave several classical pieces which met with the full appreciation of the audience, who cheered for more.

**GIRLS' GLEE CLUB ADDS MUCH TO ENTERTAINMENT.**

Julian Goodman spoke on the great advantages of this country, and this city, to the foreign-born population. A glee club of seventy girls, led by Miss Cecile Solon, added to the entertainment by singing songs in Tyrolean peasant costumes and sang patriotic and popular songs. Their work merited the highest appreciation and showed many boys of superior talent. The part of both pupils and teacher. They also gave a dance which was performed without the slightest mistake by any of the dancers. Little Letelle Facier, a member of the glee club, attracted much attention by her singing and graceful dancing. Miss Letelle Good accompanied at the piano.

The special guests of The Evening World were Miss Ruth Haber of the Board of Education, Dr. Morris Schoenfeld, Chairman of the local school board, and Jack C. Pollock, recently returned from the Argentine, Secretary of Board No. 4.

The dancers from School No. 61 were: Jenny Reina, Hetta Cohen, Rebecca Kozowsky, Bella Kollermann, Yetta Schwartz, Clara Halpern, Fannie Shapiro, Ida Markowitz, Mollie Berger, Rose Wilderman, Anna Doman, Fannie Rabin, Gertrude M. Zell, Ella Hudak, Mary Panofsky, Rebecca Rybakow, Anna McKenna, Ray Schwartz, Lillian Hindel, Rebecca Glick, Bertha Obratz, Rose Gold, Yetta Pomeroy, Anna Klinko, Rebecca Schneider, Margaret Napoli, Mary Sinkopf, Jennie Demianowich, Gustie Markowitz.

**INTERPRETED SPEECHES FOR HER AGED FATHER.**

An incident which occurred during the evening spoke eloquently of the work being done by The Evening World Forums, where the children are being urged to bring their parents. A little girl was seen talking to an old, white-haired man as she spoke very loudly, she was asked to stop talking and listen to the speaker.

"Why, mister," she protested, "my father can't hear. You see, I'm deaf, and I was telling him every word that the speaker was saying. He was very interested in our forum, but I'm sorry I made too much noise."

The patriotic young lady was then told that she was doing both The Evening World and her country a great favor, and was urged to continue the interpretation.

There will be a meeting to-night at School No. 4, Rivington and Pitt Streets, arranged by Dr. M. J. Katz, which will be addressed by prominent speakers. There will be also the "talent" of the school children.

The Children's Talent Department of The Evening World has already met with the hearty approval of the east side. According to the report under way, any school child of the east side who has talent, and is unable to develop it because of the expense, will be given an opportunity at the forums of The Evening World. If he or she shows marked ability a board of prominent people of the area will give the favorable decision to The Evening World and every effort will be made to secure proper education and training for the child. This is an opportunity which has never before been given. The first prizes of the Children's Talent Department will appear next Monday, and continue until the first of May, when a great meeting will be held for representatives of all districts.

All boys and girls who wish to appear at the forums of The Evening World should fill out the coupon appearing in to-day's paper, and send, after it has been indorsed by a teacher, send it to The Evening World.

## TRADES' STRIKE A FAILURE, VIEW AFTER CONFERENCE

Employers Refuse to Arbitrate Until Men Return to Work—Try Again For Settlement.

WASHINGTON, Feb. 20.—Another effort to settle the strike of the building trades will be made in New York to-morrow or Saturday. Should this fail strikers and employers will come back to another conference with Secretaries Baker and Wilson Monday.

A five-hour conference of both sides with the Secretaries here ended in a deadlock last night.

Ronald Taylor, President of the Building Trades Employers' Association, refused to arbitrate until the men returned to work, declaring that in striking without asking arbitration the men violated contracts.

William L. Hutcheson, President of the United Brotherhood of Carpenters and Joiners, said that the men would not return to work until their demands were granted.

Representatives of the employers declared that Hutcheson's efforts for a general strike had failed.

## SOAP HIS BRIBE TO GET RELEASE FROM FOE'S PRISON

U. S. Soldier Gave Small Piece to German Guard and Was Liberated.

COBLENZ, Feb. 12 (correspondence of Associated Press).—Half a cake of soap, used as a bribe, opened the road to liberty for an American soldier who recently regained his regiment after being imprisoned in Germany.

William Litch, a private in the 28th Infantry, was captured Oct. 4 in the Argonne battle and taken to a prison camp near Baden. From another American who had received a prisoner's package Litch obtained a piece of soap about the size of his thumb. A few nights before the signing of the armistice Litch gave the soap to a German prison camp guard and slipped out of the stockade a free man. He began travelling by night and hiding by day, but before he reached the front he was overtaken by other released American prisoners, who told him of the armistice.

In the Argonne occupied territory now soap will buy articles which are not purchasable with money.

## PARSON FILLED THE BILL WHEN TEACHER FELL ILL

And Pupils Liked It So Well That Most of Them Will Join His Sunday School.

When H. D. Morrison, Principal of King Street School, District No. 2, near Fortchester, was taken ill with influenza ten days ago the School Board was unable to find a substitute teacher and had to close the school. Some of the pupils came to school as usual the next morning only to find the front door locked.

The Rev. George M. Powell, Methodist minister, whose parsonage is next door to the school, opened the school and held the day's session. Next morning the entire body of pupils attended. The Rev. Mr. Powell continued to teach. It was his first experience as a school teacher.

Yesterday Mr. Morrison was able to return to his duties and the Rev. Mr. Powell stepped down from his unthought job, much to the regret of the pupils who, however, decided they were not

## FREES COP'S FIVE CAPTIVES.

Revolver and Night Stick Too Draught for Boys, Says Court.

William Flynn, twenty-one, of No. 124 St. Mark's Avenue, and George McDermott, seventeen, of No. 1416 Carroll Street, Brooklyn, were discharged yesterday by Magistrate Reynolds in the Gates Avenue Police Court after the Magistrate had severely rebuked a policeman for firing two shots at the boys before they were captured.

According to Patrolman Schaffel of the Atlantic Avenue Station, some boys threw huns at him. He chased them into a lot at St. John's Place and Utica Avenue, where he captured the two lads after two shots had been fired. In court the boys showed black eyes, which, they testified, were due to the policeman's nightstick.

The policeman asked the court that they be convicted, with suspended sentence. The Magistrate replied: "These boys shall go free. Schaffel, you seem to have lost your head on this

## The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advt.
